

Employee Engagement Surveys

OVERVIEW:

TalenTrust's Employee Engagement Survey is an anonymous quarterly survey, delivered to your employees via email and/or text message, with the intent to gain a strong pulse on how your employees are currently experiencing your company's culture. TalenTrust combines Gallup's 12 questions and NPS questions to accurately understand how your employees are feeling about your organization.

WHAT'S INCLUDED:

Once quarterly data analysis is complete, TalenTrust presents the data findings to your team leaders, along with recommendations on how to continuously improve results, and provide you with the raw data to dig deeper into.

TalenTrust provides ongoing availability for check-ins on progress, assist where needed, and provide additional expert advice in alignment with the provided recommendations.
